First American Coin Dealer to Visit Post-War Occupied Germany and Austria

Continued from Sale Catalog #21.

Vienna — 'Der Dritte Mann' city. Upon leaving the airport the sign in English warning of the dangers of the road. 'children, oxen, and inexplorable drivers' . . . Other warnings to keep in center of road as sidewalks belong to 'foreign' power . . . The disappointing hotel touted as the best by the Austrian Consul in Frankfurt . . . The inability to get another as the Annual Fair, attended by hundreds of thousands had just started its week run . . . The visit to this 'Messe' covering 40,000 square feet of space made me wish I had roller skates . . . The sight of seeing four soldiers, an American, Englishman, Frenchman and Russian patrolling this international city side by side . . . The shock of being solicited within hearing of a policeman until I remembered this sort of thing was licensed . . . The city of museums, a few of which I visited, but many left unvisited such as the Goethe, Haydn, Police, Roman, Watch and Historical Carriages Museums . . . The visit to the mint and the surprise to learn I was first American to visit there since the occupation . . . The relaxation in the Stadt Park across the building with my coat off, for Spring had arrived in Vienna . . . The taking of some nice shots in this city including one of statue of Johann Strauss in this park . . . The rebuilding of a new Kantnerstrasse (main street) with its magnificent stores . . . The cheapness of everything living up to its name of one of the cheapest cities in the world . . . Visits to the Moulin Rouge, and Melodies Bar, two night spots with excellent shows, the performers almost knocking themselves out in order to please . . . The continued excellence of Kupferberg Gold, a champagne I learned to like in Berlin and Frankfurt, also to be found here . . . The walk to the Judenplatz, the former ghetto . . . The Bristol Hotel, finest in Vienna, now an American Installation, and one block away the hotel headquarters of the Russian Command guarded by soldiers with fixed bayonets . . . In my walks the continued crossing and recrossing of the Franz Josef Canal and the Danube River.

Flight from Vienna to Rome with a change in planes at Stuttgart . . . The mad-house of the customs in Rome and the bonding of this package and that bag, etc. until my departure . . . The payment of a tax for bringing in a cigarette lighter . . . Missing my bus during these not so pleasant discussions necessitated taking a taxi to the tune of 5000 liras . . . Settled in the world famous hotel the Excelsior, went in search of food which I found in the Biblioteque de Velle, exquisite . . . Later the Jickey Club, a combination of 3 night clubs rolled in one . . . The visit to Vatican City and its St. Peter's Cathedral—breathhtaking . . . A fine photo shot of the Basilica a permanent reminder of my visit . . . The hospitality of the leading coin dealers in Rome made me glad they were included in my itinerary . . . That evening dinner in another fabulous place, the Trattoria del'Orso, with a look-see in the Bernine Hotel Club . . . A drink with the bartender in the Grand Hotel, son of the Portier of the Vier Jahrzeiten in Munich proved a pleasant interlude . . . The narrowness of the side streets, without sidewalks marks a continuous dispute between driver and pedestrian . . . The terrific prices of everything during this Holy Year precludes the possibility of a second visit . . . Getting up at 5 o'clock and the mad dash to the East airport in order to regain my bonded packages in time to dash to the West Airport to board a plane for Nice, France, at eight.

The flight over the Mediterranean enroute to the French Riviera . . . The graceful sweep of the Swiss Airlines DC-3 to the landing strip paralleling the beach . . . The club-like atmosphere of the outside waiting room with its tables and beach umbrellas . . . Regretfully. Katen the coin dealer left this place wishing he had been Katen, the vacationer . . . The flight to Geneva entirely over the Swiss Alps, flying only a few thousand feet over the snow-covered peaks . . . Taking of many shots with my new Retina II, some of which have come out excellent . . . The thought that if the plane fell it was the end . . . Arrival at Geneva and the immaculateness of everything Swiss . . . Not much time to spend here but enough to notice the Florentine architecture along the Grand Rue, the influence of the first families being of Italian origin . . . A quick drink and inspection of the Hotel DuLac, should I return here again . . . Departure for Zurich, my second visit here. The fine repeat performance of eating at the Metropole-Monopole . . . A three hour walk through the city proved a gold-mine for my Kodak . . . The billboards advertising 'Bastogne' renamed from 'Battleground' with the accent on Denise Dercel's two great big—eyes . . . Another billboard advertising Josephine Baker . . . The hundreds of

street vendors selling Swiss Intercantonal Lottery tickets, with a grand prize of 10,000 francs . . . American films must be favorites, as playing or coming, one spots such titles as Johnny Belinda, A Letter to Three Wives, Dead Man's Gold, etc.

Arrival at Stuttgart and a three hour wait for another plane . . . On schedule and continuation of trip to Frankfurt . . . A two hour wait at Frankfurt caused by the unloading and loading of a terrific amount of freight on plane to Berlin . . . Planes used are DC-6's with seats three and two abreast, as traffic was heavy during blockade . . . The experience of having two hostesses catering to another passenger and myself on this 68-passenger giant . . . Arrival in Berlin with the friendly greetings, made it seem like home.

Sunday dinner at the home of my banker friend, en familie, a wonderful experience . . . The street car ride with my hotel man host, to the edge of the Grunewald (Green Forest) . . . The walk along the lake through the woods finally winding up at the Grunewald Castle, hunting lodge of Frederick William . . . The visit thru the three floors of this castle with its historic furniture, paintings and objects of art . . . The iron candle holders attached to the walls all with the familiar F-W in the same type as found on Prussian coins . . . The walk back to the edge of the woods and to the home of a friend of my host, a sculptor and artist in charcoal . . . Over tea the intelligent conversation of my two friends in English . . . The pleasure in being shown a number of excellent charcoal drawings, mostly hands and heads, made without models . . . The visit to his studio, my first ever of a sculptor . . . The walk from the house to a taxi stand, over two blocks of the most hotly contested ground in Berlin in 1945 . . . For two weeks the German and Russian armies ebbed back and forth over a strip of land not more than ten blocks long . . . After four years the scars are still discernible over patched up areas . . . My farewell party at the Queens Club and the 'bruddershaft' with one of my friends, a memorable experience . . . To bed early for another 5 A. M. arising—wonder why they run planes at such an early hour?

Departure from Berlin via British European Airlines from their airfield at Gatow . . . A short stop at Hamburg long enough for a quick snack . . . Flight from Hamburg to Amsterdam and my first sight of the canals and locks . . . Many fine shots of the airport, no walls, but entirely of glass and glass blocks . . . Had originally planned to spend a day and a half here, but schedule had been upset in Vienna . . . The regret at leaving without having made some calls . . . Arrival at London and the discovery that one of my five bags was missing . . . Unfortunately it being the one with all my clothes . . . The visit with Gil Askew and the delightful lunch 'just around the corner' . . . The meeting at Seaby's with a Boston collector, was like a letter from home . . . Continued calls about my bag brought no additional information . . . Purchased pajamas and socks and became laundress on my other things . . . Still no additional food at Claredges where I bunked, but a good meal was obtained at Scott's in Picadilly Circus . . . As meals are limited to 5 shillings and 3 courses, my waiter with a sense of humor made individual checks for myself and the invisible guest opposite me for each course . . . News of finding my bag brought a sigh of relief . . . Although traveling on BEA my bag was taken from a passenger leaving a KLM liner at Amsterdam—can't figure that one out . . . Releasing the bag from bond was unlike my experience in Rome.

News of our departure at 11 instead of 7 was disconcerting . . . Seems plane was late in arriving from the states and according to Aeronautical laws crews must have 12 hours rest . . . Boarding a stratocruiser somehow gives one a lift, entirely different from boarding a smaller plane . . . The stop at Shannon for dinner and as usual a big thick Irish steak, tender too . . . The takeoff for the 'big water hop' and a few drinks in the below deck lounge . . . My berth made up I crawled in wondering what it was going to be like sleeping thousands of feet over the clouds . . . It must have been fine because I woke up about 7 hours later thoroughly refreshed . . . A wash in the commodious lounge and I was ready for the big breakfast which was served shortly . . . Arrival at Gander and our feet on the ground again, but the news that the weather was bad over New York . . . The news was not exaggerated because we circled Idlewild for two and a half hours . . . Captain told me later he was just on the point of going to Washington when he momentarily found a hole with 400 feet visibility, the minimum needed . . . Upon landing we found passengers from three other trans-atlantic planes ahead of us in the customs . . . However processing was fast and orderly and in short order I had my O. K. and walked out to a happy Frances and a friend . . . A message inviting us to luncheon enroute to New Haven was a gay little affair . . . Home after five weeks and a one day breather before my two-day auction session. Now plans for a July trip, this time with Frances—perhaps to find out if I really only give out the time of day. Thanks for reading—and thanks for writing you liked the first stanza. — FJK

AN OPEN LETTER

To: M. Vernon Sheldon, Pres., Joseph Moss, Vice-Pres., and Lewis M. Reagan, Secy., of the American Numismatic Association.

From Frank J. Katen, Life Member 132, American Numismatic Association.

I do not like open letters, but not having had the courtesy of a reply to a letter written to you, Mr. Sheldon, dated February 3rd, I feel you do not have simple business courtesy. After all you have had some experience in not answering letters when you were secretary of the ANA.

You will note, too, that I am still a Life Member of the American Numismatic Association. I still continue to wear the Life Member button, and continue to be proud to associate myself with the majority of the members of the American Numismatic Association. I base my beliefs and concepts on the **American Way** based on the A. N. A. Federal Charter and not on the **Behind the Iron Curtain Methods** of your illegal 'Executive Board.'

The A. N. A. Federal Charter states: SEC. 5. That the control of such corporation shall be vested in a board of five governors, to be elected by the members of such association. The incorporators hereof shall act as the board of governors for the first year and until others are chosen in their stead.

Your man-made 'Executive Board' is illegal and in violation of the A. N. A. Federal Charter. To put it bluntly this clique was formed to run the A. N. A. to suit themselves and in so doing have made the real governing authority—the five man Board of Governors—so many rubber-stamps. Isn't this one reason why this clique **DID NOT WANT AN INVESTIGATION** of serious charges made against them, but instead decided to 'Expel' me from the Association?

M. Vernon Sheldon's action in giving me only 1 week to answer 'charges' made by an unknown member or members is also illegal, against the provisions of the A. N. A. Federal Charter and smacks too much of the Communistic way of doing things!

Our Charter states: SEC. 6. That the board of governors shall have the power to make such prudential by-laws and regulations as they may deem proper for the management and control of the business and affairs of the association **not inconsistent with this Act or the laws of the United States of America.** (bold type ours).

Is it consistent with the laws of the U. S. that a man is given only one week to answer 'charges', and then thrown out by an illegal clique? Or is this the Commie way of doing things?

Is it consistent with the laws of the U. S. that a man can be accused by an anonymous stooge or stooges? Or is this the Commie way of doing things?

Is it consistent with the laws of the U. S. that made this illegal clique seize upon my absence from this country to take 'action'? Or is this the Commie way of doing things?

Is it consistent with the laws of the U. S. and the rights of the A. N. A. members to simply publish a Life Member's 'expulsion' without giving the reason thereof?

Is it consistent with the laws of the U. S. to 'expel' a member for exercising his prerogative of **FREE SPEECH** and **FREE PRESS**? Or is this the Commie way of doing things?

For the record I shall review **THE ONLY CHARGES** your illegal 'Executive Board' based on the complaint of the spineless, anonymous ANA member or members, order my 'expulsion.' These 'charges' were 11 statements published in various issues of 'KATEN KOIN KAPERS,' and follow:

1. 'The former publishers, J. W. Stowell Printing Co., can and will again print the magazine for Half the Cost or Less.'
I published that statement—but you did not want an investigation of the high printing costs of the Numismatist made. What were you afraid might be found in such an investigation? Nice way you boys handled the new printing contract! Joe Moss was on the Printing Committee—Joe Moss was on the 'Executive Committee'—Joe Moss is Vice-President!
2. 'Incidentally, the Stowell Company did not refuse to continue to publish The Numismatist, but requested they be relieved a month sooner when informed they were losing the account.'
I published that statement—and it can be proved at the investigation that you boys do not want. Incidentally, I might add the fair-haired boy from Wichita, Lew Reagan, used the foulest language in connection with the above, when talking with Mrs. Stowell over the phone. And for a college professor, too!
- 3a 'Under the title 'Katen Koin Kapers' you express my sentiments relative to ANA Officers and Board. 'They all are out to dip their hands in the Reserve treasury and to kill it off finally.'
Mr. — of Ohio made that statement, and I published it! Would you like to expel him too? If you knew his name—but you boys did not want an investigation. What are you afraid of?
- 3b 'Neither did I approve of the change in the color of the cover of The Numismatist and always suspected that there was something 'rotten in Denmark' when they took the printing away from Baltimore and sent it way out to Kansas after the old company had printed the magazine for so many years and it seems from what is coming out, that either somebody has had a finger in the pie or there certainly was some personal reason for making the change.'
Mr. — of Pennsylvania made that statement, and I published it! Would you like to expel him too? If you knew his name—but you boys did not want an investigation. What are you afraid of?
- 3c 'Like yourself, I do not know what is wrong, but something sure is.'
Mr. — of Kansas made that statement, and I published it! Here's another member you could expel—if you knew his name—but you boys did not want an investigation. Afraid some of these ANA members might be right?
- 3d 'Thanks for blasting away at the ANA powers that be. I and others with whom I corresponded have been disgusted with certain goings on in the ANA for years!
Mr. — of New York State made that statement, and I published it! Perhaps you would like to expel this long time member of the ANA too—if you knew his name. But your super-clique did not want an investigation. Afraid the disgust might have a basis of fact?
- 3e 'The officers of this association should be made to realize that a politician is going for one year at a time, while we, as collectors, are going on and on and unless these 'under the counter' deals are stopped, they will be.'
Mr. — of California made that statement, and I published it! Here's another juicy ANA member you could, perhaps expel—if you knew his name But 'no investigation' say the big boys, perhaps they were afraid there might be some of these deals.
- 3f 'A typographer is a printer and a typographical error is therefore an error by a printer. This, I agree is possible but it could also have been done to gain a purpose.
- 3g 'a device not provided for in the By-Laws.—This device was the printed biography of nominees with their ages which many believe was done to show Mr. Blake's advanced age (which incidentally was overstated). hoping thereby to be able to defeat him.'

3h 'Something inexplicable happened when Mr. Blake serving twenty-seven years received 2,373 votes when elected (when the votes were probably not all counted) in 1948 and only 616 when defeated in the last election. Note on page 671 October 1948 Numismatist--Gettys and Reagan each got over 3000 votes. Sheldon, Klein and Hammer all approximately 2300. **Who stopped counting votes?**

Mr. ——— of New York State made the above three statements, and I published them! Certainly another respected ANA member that you could expel—if you knew his name. But you did not want an investigation. Afraid that the above statements could be proved?

3i 'Decision of the Board' should be just that. Too many decisions were made last year wherein one member and possibly a second knew nothing about the incident.'

I published that statement—and it could have been proved at an investigation that you did not want. Incidentally, in the last issue of the 'Kapers' I reported that you, Vernon Sheldon, had replied to my lawyer within 24 hours, certainly not enough time to have communicated with the members of the Board of Governors, the only ruling body of the A. N. A. A copy of the letter, had of course, been sent to Joe Moss. **WHAT ABOUT THAT?**

THE PUBLICATION OF THE ABOVE 11 STATEMENTS—THE ONLY 'CHARGES' AGAINST ME—IS THE REASON YOU VERNON SHELDON, YOU JOE MOSS, YOU LEW REAGAN OF THE ILLEGAL 'EXECUTIVE BOARD' HAVE EXPELLED ME. DID YOU THINK YOU COULD SHUT ME UP? NOT WHILE THERE IS FREE SPEECH AND A FREE PRESS IN THIS COUNTRY! NOT WHILE WE HAVE A FEDERAL COURT AND THE A. N. A. MAY BE SUED ACCORDING TO OUR FEDERAL CHARTER! NOT WHILE WE HAVE A FEDERAL BUREAU OF INVESTIGATION WITH THE POWER TO SUBPOENA RECORDS, ETC. BECAUSE WE HAVE A FEDERAL CHARTER! AND NOT WHILE THE A. N. A. IS ON THE THRESHOLD OF ASKING FOR A CHARTER RENEWAL!

Incidentally, Messrs. Sheldon, Moss and Reagan, I published a letter from Mr. George H. Blake in the last issue of 'Katen Koin Kapers' that would seem to me, has more basis of expelling a member than you had in expelling me. **Are you going to expel Mr. Blake?** .Would be kind of embarrassing, wouldn't it?—Especially after presenting this fine gentleman with a gold medal.

In conclusion I wish to state that with the help of THE COMMITTEE OF EIGHTY and every fair-minded member of the A. N. A. who is interested in seeing that their Association is run THE AMERICAN WAY, we shall do everything legally to defeat you and your cohorts in the coming election this August.

I am, Sincerely yours, FRANK J. KATEN, Life Member 132, A. N. A.

* * * * *

As reported in the last issue, a 24-page booklet was prepared reprinting 'KATEN KOIN KAPERS' from the November 1949 issue thru and including the May issue. A questionnaire was included with a request that it be returned as soon as possible. This same questionnaire was reprinted in the June 2-3 Auction catalog as well. Over 11,500 booklets were mailed to those collectors on my 'inactive' auction list—added to that figure were 3000 collectors on my active list making a total of 14,500 collectors the world over, who now know the shameful A. N. A. story. A few of these booklets entitled 'Let There Be Light' remain, and if a collector is interested in obtaining one we shall be glad to send it to him or her, free of charge.

As this is being written to make a deadline for the last sale of the season, June 29th and 30th, it is impossible to report on the questionnaires as only one week has elapsed since they were mailed. Nevertheless many questionnaires are being received daily from nearby states and they signal the end of the worst administration the A. N. A. has ever had.

All clubs affiliated with the A. N. A. will receive a list of candidates proposed in these questionnaires. This list will be sent in sufficient time to enable them to write to the Secretary of the A. N. A. before the deadline June 25th, sponsoring A CLEAN GOVERNING SLATE FOR 1951. All members of the A. N. A. will receive this list of candidates urging them to vote for a group of candidates who WILL GIVE THE A. N. A. back to the members and a lawfully constituted Board of Governors.

ALREADY SIX CLUBS have informed us that they stand ready to support the slate of the **COMMITTEE OF EIGHTY**. If every club does likewise there can be no question on the outcome of the election. If every former **DISTRICT SECRETARY** goes before his local club and presents the facts, there can be no question on the outcome of the election. Incidentally, the ANA big brass feared the power of the group of District Secretaries who had served the Association unselfishly for years. As you all know they disbanded the organization at the late, lamentable San Francisco Convention. Why?—They were afraid the district secretaries could go before their local clubs and nominate a slate of candidates who would serve for the members only. In further proof of this we are reprinting an excerpt from a letter sent by Leonel C. Panosh, Second Vice-President of the A. N. A. He discussed the new set-up—that of each club appointing their own representative (a meaningless office). ‘Your club has by now, received the October issue of the Numismatist, and had time to discuss the matter and has perhaps even reached a decision. It is suggested by the A. N. A. Executive Board that in order to spread the influence of the A. N. A. as broadly as possible, a representative be chosen who has not heretofore acted as a district secretary. What right had this illegal ‘Executive Board’ telling clubs not to appoint the former district secretary. I ask again, ‘Is this the American Way or the Commie Way of doing things’?

By way of closing I would like to print a sentence from a number of letters received with questionnaires, many of them sending along a contribution. (Thanks for the help, the mailing cost almost a thousand dollars).

‘I agree with you one hundred percent. Let’s clean house.’—‘The election as it is now is too much like elections in Germany under Hitler where one has a choice of one man for one office.’—‘Present officers are in collusion and all ought to be kicked out on their heads.’—‘I attended the convention in Buffalo and thought that Mr. Reagan had the meeting in his pocket.’—‘I consider the present A. N. A. so-called leaders, Sheldon, Reagan and Saxton, as about the most inefficient set of so-called officers to ever head up a national organization.’—‘From the action taken by the so-called big boys, tends to lead us, who are less informed, in believing that you are really stepping hard on someone’s toes. Keep stepping Sir.’—‘Keep up the good work.’—‘I do know, however, that a definite reason should be given as to why you are no longer a life member of the ANA.’—‘I believe myself that there is something rotten in Denmark, so to speak.’—‘I am only a new member of a couple years, yet I have sensed something was wrong and had almost decided to withdraw my membership.’—‘Good luck and good hunting.’—‘For some years I have had a nasty, lurking suspicion that there was a slight odor of dead fish about some of the activities by the actions of a few of its officers.’—‘I am all for your ideas—keep punching, it is evident that something is screwy in A. N. A.’—‘—Would back any slate of officers different from the present, that the ‘Committee of Eighty’ choose.’—‘Believe we need a house cleaning.’—‘I also feel that in most cases there should be more than one nominee for each office.’—‘Your platform is one that I approve of, so your choice of candidates would be satisfactory to me.’—I could go on, and on, and on.

The members sending in the questionnaires are voting overwhelmingly in favor of the fourth question asked:

Do you believe that yearly ballots should be printed, mailed, returned to and tabulated by an independent accounting firm?

However, nothing will be done. Ballots as usual will go to Lew Reagan to keep until convention time. Immediately after the announcement of the result the President will request a motion that they be destroyed. Motion will be carried and the ballots go up in smoke. **ANA Members—for the sake of your organization, WAKE UP.**

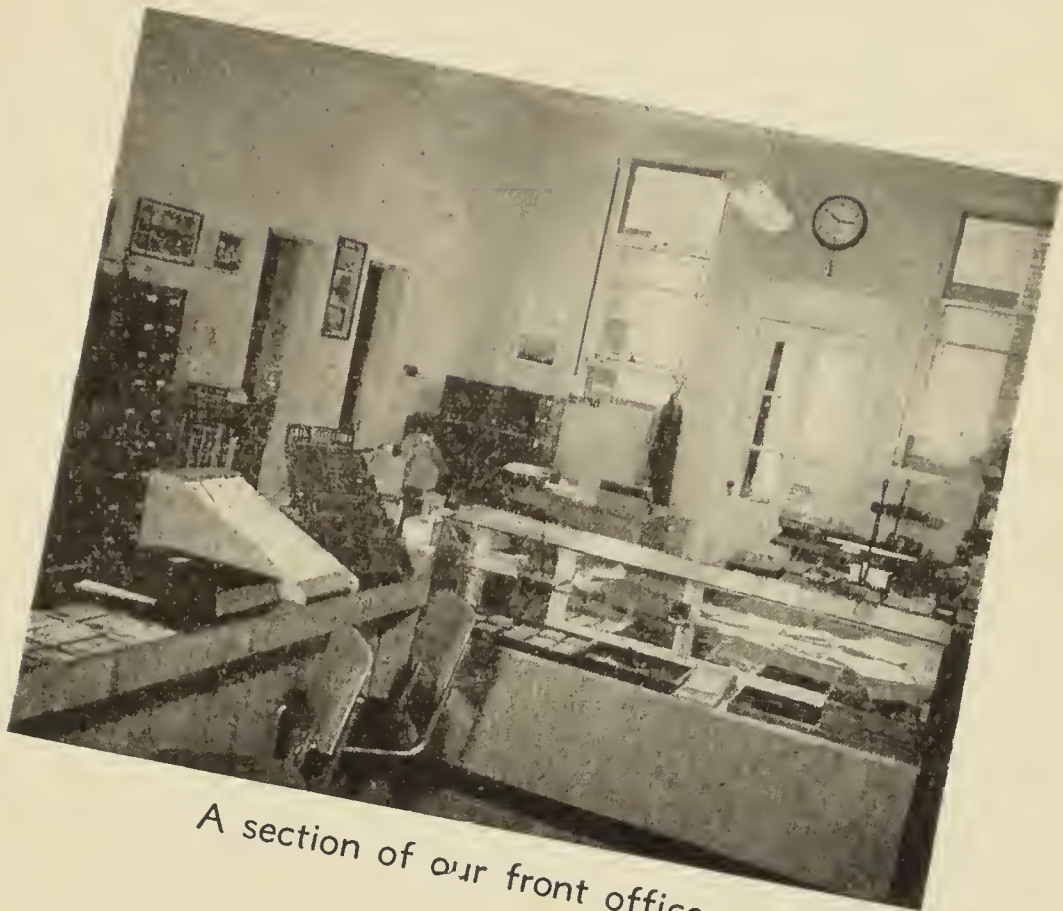

IT TOOK GUTS TO START THIS EXPOSE’—As a dealer I had everything to lose—nothing to gain, because I **WANT NO OFFICE IN THE ANA AT THIS TIME**. I want your confidence and I believe that the continued increase in my business, the continued increase in the number of bid sheets received for each auction and the continued number of collectors selling or consigning their collection to me, shows that I have the confidence of every fair-minded collector.

An additional note before closing. The ANA has refused to publish my usual full page advertisement in The Numismatist deliberately violating a written contract. Nothing in this contract justifies their refusal of my ad. As a partner (with Frances)

of the Milford Coin & Stamp Co. they do not have any basis of law to refuse an advertisement, being bound to a one year contract. As a further comparison would they refuse an 'ad' from a large national concern because I was a partner holding stock in that concern? Their action again shows that the top brass have adopted all the antics of Hitler and the Commies and are violating every principle of the American Way. Frances has sent in a full page ad beginning with the June issue. If the ad does not appear you will have further evidence of the thinking of M. Vernon Sheldon, Joseph Moss, Lewis M. Reagan and ?

WITHHOLD YOUR NOMINATION — WITHHOLD YOUR BALLOT — WITHHOLD YOUR PROXY — UNTIL YOU HAVE HEARD FROM THE COMMITTEE OF EIGHTY. THEN USE YOUR GOOD JUDGMENT. THANKS. FJK.
